

Carter County Kentucky Cemetery Survey

Jimmy Hill Cemetery

Date of this document is: 23 April 2001

Survey by: Rose Branham

Location of Cemetery:

Located off of Rt. 854 at the top of Rush Hill. 4 miles from the water tower.

Condition/Comments:

Cemetery in need of renovation as it is very overgrown. There are approximately 75-80 graves that are unmarked. Many of them have a concrete block (about 6"x 12") marking the grave. Very few have just an older rock marking the grave. There are also quite a few marked with the concrete blocks and still have the funeral home metal markers there. I have tried to note those too. I started from the north side of the cemetery and worked towards the south. There are pictures of some of the headstones. If an entry is outlined in red, there is a picture for it - click on the entry to be taken to a picture. There are also a couple of general pictures of the cemetery here(Pic #1) and here
