

## Introduction

In the early 1980's all that I knew about my Picklesimer family was confined to the descendants of my grandfather, Edward Jackson Picklesimer, Sr. My wife, Mary Ann Daniels, knew more about her family than I thought that I would ever learn. This knowledge on her part gave me the burning desire to learn about my heritage.

From that motivation, I began my search. On that journey, I found John Wayne Picklesimer, Sr. who became my mentor and friend. Through his guidance and effort much was learned about our family. With the research that he had already accomplished and our combined efforts, a book was published, *The Picklesimers of Eastern Kentucky, Ancestors and Kin, Volume I*. This publication covered much of the early history of the family and the genealogy of the first four generations, after their settlement in eastern Kentucky. The fifth generation was included as children of the fourth generation. That book contained information on 1,916 members of the Picklesimer family. This publication contains the genealogical information on 9,458 descendants of our family.

During the research for this publication many descendant were found that should have been in Volume I. When we tried to fold them into a publication that was to be Volume II, we found that there was not a good way to do so. After many tried and sitting awake at night trying to think of a way to accomplish this goal, I decided that the best approach was to include the genealogy of those in Volume I as well as all of the new information so that the reader could follow their ancestry from the beginning to the end. The reader will be requested to make reference to *The Picklesimers of Eastern Kentucky, Ancestors and Kin, Volume I*, for the history of those families that are in that publication.

Much is left to be accomplished and my desire is for a family member to continue this effort so that those that follow will know more of their heritage than John Wayne or I ever thought possible.

There are many contributors of information that is included within the covers of this volume, too many for me to even attempt to recognize. I would like to express my gratitude to each one of you. Without you, this history of our family would not have been possible.

*John Walter Picklesimer, Sr.*

# The Picklesimers of Eastern Kentucky

## First Generation

1. **John<sup>1</sup> Beckelhymer Sr.**, son of Johan George Beckelhymer and ? ?, was born about 1732. John died about 1805 in Franklin County, Virginia.

He married three times. He married **Sophia Slingluff** in Pennsylvania, about 1753. Sophia was the daughter of Henry Slingluff. He married second **Anne ?** about 1762. He married third **Elizabeth Rinker** about 1780.

The date of birth of John Sr. was estimated from the date of birth of his eldest child, John, Jr. Note that census enumerations, Aaron Sargent Behymer's diary, etc. for the most part, indicate Virginia as the birthplace of most of John, Sr's children. This is not consistent with the known location of John, Sr. via land transactions where he seems to have migrated from the Amwell, Hunterdon County, New Jersey area to Frederick County, Maryland circa 1770, then on to Botetourt/Montgomery County, Virginia circa 1780 and then on to Franklin County, Virginia circa 1795. One of the census enumerations for John, Sr's son, Nathaniel, does, however, indicate Maryland as Nathaniel's birthplace (and in other census enumerations Nathaniel's birthplace is listed as Virginia). Most of John, Sr's children undoubtedly grew up in Virginia, and so, listed Virginia as their birthplace incorrectly. John, Sr. was naturalized in New Jersey on Aug 11, 1755. This was a necessary requirement to allow him to purchase land.

John Sr. lived on March 10, 1761 in Amwell, Hunterdon County, New Jersey. He lived between 1771 and 1778 Frederick County, Maryland. He and Anne (--?--) lived on May 15, 1773 Frederick County, Maryland. He and Anne (--?- -) lived on December 19, 1774 Frederick County, Maryland. He lived between 1783 and 1789 Botetourt County, Virginia. He lived between 1790 and 1795 Montgomery County, Virginia. He lived between 1795 and 1805 Franklin County, Virginia. He and Elizabeth Rinker lived on December 2, 1797 Franklin County, Virginia. He and Elizabeth Rinker lived on January 5, 1800 Franklin County, Virginia.

The above text and the details on John, Sr.'s family below were provided by Dr. John Charles Tippet, a dedicated researcher of the Beckelhymer family.

The alignment of David Picklesimer, Sr. and Abraham Adam Picklesimer with this family is based upon available information at this time. There were three Davids and Abrahams in Virginia during the late 1700's and sufficient proof for establishing their family relationship with certainty was not available. Their alignment is logical but there is still room for error. One day sufficient information may be found to establish their alignment with certainty.

Shortly after reaching his 16th birthday in 1848, Lewis "P'Simer" left the family home on Pickle Fork in Johnson County, Kentucky, and went to Lewis County, Kentucky. At the time of the 1850 U.S. Census of Lewis County Lewis "P'Simer", "18" years of age and a "farm laborer", was living in the home of Allen and Minerva Moss. Sometime after the years of 1853, he left Lewis County, going first to Illinois and then onto Texas.

On February 2, 1854, Lewis purchased 40 acres of land in Jackson County, Illinois for \$50.00, Volume 32, page 206. In 1874, when "Lewis P'Simer" signed a deed for the sale of his undivided interest in the Fifty-acre farm on Pickle Fork left by Samuel at his death, he was in "Hill County, Texas".

At the time of the 1880 U.S. Census, "Louis Simer" (Picklesimer/P'Simer) "48" years of age and a "farmer", was named as the head of a household in Hill County, Texas. The given names of his wife and the names of the children were taken from that census report. According to the 1880 census records, "Louis" was born in "Ky.", Mariah in "Ill", and each of the children in "Texas".

In January of 1996, contact was made with David M. Newlin a descendant of Lewis and Mariah "Simer". The information pertaining to the marriages and children was provided by David. Lewis and Mariah were married in Illinois and the first child was born there. All of the other children were born in Texas.

She married three times. She married **Samuel Cooper**. She married ? **Martin** before 1859. She married **James L. McCann** in Lewis County, Kentucky, March 25, 1860. James was born 1839.

Apparently, Martha married first (ca 1859) to a Martin who died shortly after the marriage. The record of her marriage as "Martha Martin" to James L. McCann stated that she was a "widow". (The record of her first marriage

# The Picklesimers of Eastern Kentucky

could not be found.) Although the maiden name of "Martha Martin" was given at the time of her "second" marriage, there is no doubt that she was formerly Martha Picklesimer, daughter of Samuel and Rachael (Tackett) Picklesimer. "Rachael P'Simer" (her mother) was named as one of the witnesses to the above marriage, and "Martha McCann" was later named as one of the heirs in the estate of "Samuel P'Simer". The 1860 U.S. Census record indicates there was no issue from Martha's first marriage.

James and Martha McCann removed from Lewis County, Kentucky, shortly following the 1860 census.

I received the following information from Dean Cox, a descendant of Martha's.

"Hi, thanks for your reply, according to one woman in ILL., records do indicate her parentage as a Samuel and Rachel, it states her father was a preacher in Johnson County KY, it also states she had 9 children but we can only find the four born to her and Samuel Cooper.

John went to Illinois, David to Georgia then California and the other two to Indiana.

We think John Milton Cooper was her first child with Samuel Cooper in 1875, Lewis County, Kentucky. She was around 34 or 35 so it is likely she was married before that. No information though.

## OBITUARY

Sola (Rule) McKenzie was born at Staffordsville, Johnson County, Kentucky, January 10, 1870. She was the daughter of Jess and Mary (Stafford) Rule.

In her early young womanhood she met and was married to the late John McKenzie of Volga and to this union were born two sons: Roby and Ray, who both survive and live in this county.

Some 35 years ago John died and she was later married to Elzie McKenzie and to this union was born one son, William Jesse of Staffordsville.

Mrs. McKenzie has been a life long Christian, giving her heart to God early in life. She was baptized into the Christian faith, taking her membership with the White House Church at Volga, in which she lived a devoted life for God.

Elzie McKenzie, her second husband, also preceded her in death 4 years ago and after his death she made her home with her youngest son, Wm. Jesse. She had been in poor health for the past year but last Wednesday she contracted pneumonia and her condition was so alarming that she was rushed to the Paintsville Clinic, but in spite of medical skill and all that loving hands could do, on the 7th of February, Mother McKenzie like a brave soldier, gathered her robes about her and went out to meet that God in whom she had trusted so long. In the passing of this mother of Israel, we feel that Johnson county has lost one among its best citizens; the neighborhood one of its best neighbors; these precious boys, a loving and painstaking mother. She came to the end of life being 72 years and 28 days old.

Funeral services were held in White House Church at Volga, February 8, and were conducted by Rev. Lonza Reed and Rev. W. H. McKenzie.

Note: Isola (Rule) McKenzie is interred at the Prater Cemetery, also known as the White House Cemetery.

## INVENTION

"It is said that necessity is the mother of invention and Fred Picklesimer, who has a dairy farm on the Chillicothe Pike just outside the corporation limits of Jackson when he found urgent need for a convenience which had not been provided proceeded to contrive the necessity. Mr. Picklesimer sells butter and butter milk in Jackson

# The Picklesimers of Eastern Kentucky

and when the hot days came around he found that the beautiful hard rolls of butter with which he left home was frequently soft and sickly looking when he reached the customer.

Consequently he set his mind to work to contrive some means of delivering the butter while it was clean and firm. He went to a tinsmith and had him make a metal box five inches in height and in the middle surrounded by a two inch vacuum he had a box made which is exactly the right size to hold six pounds of butter. The container is water proof throughout with an opening covered by a water proof cap screwed on. Now he goes to his spring which flows an abundance of water almost ice cold and fills the unique vessel which hold about three buckets of water. Then he puts the butter in the proper compartment and starts to town. The vessel keeps perfectly cool for several hours and he has no trouble with soft butter when he reaches his customer. It is useful and practicable which serves it purpose to his entire satisfaction."

## FRANK RAMEY

Frank Ramey was born at Blaine, Ky., October 22, 1866, the son of John and Lucinda Ramey. He attended school at Blaine under Professor Elam and started teaching when he became old enough to secure a certificate. After teaching several years in Lawrence and Johnson Counties, he decided to enter the medical profession and was accepted as a pupil by Dr. Roberts of Blaine, in 1889. He studied medicine under Dr. Roberts for a year and then enrolled in the Louisville College of Medicine, where he graduated with the degree of M. D. in 1892.

He was married to Priscilla Picklesimer, the daughter of Dr. F. M. Picklesimer, of Paintsville, in September 1890. To this union eight children were born, four of whom are deceased. Dr. Ramey began the practice of medicine at West Liberty, Kentucky where he resided for a year. In 1893 he moved to East Point where he lived until his death January 21, 1936.

He became affiliated with the Church of Christ in 1890. He was a member of the Masonic Lodge.

In all his practice, Dr. Ramey never wavered from the duty which he considered a privilege of his profession--saving humanity. The early years at East Point were ones of hardship. There were few doctors in this section and practically all calls were made on horseback, sometimes riding almost a whole day in order to reach a patient in some remote section. Then came the building of the railroad, bringing its hundreds of workers and he was employed by the railroad company to furnish medical care to these men in addition to his regular practice. With the completion of the railroad, new people moved in--coal became a leading industry and with the development of the mountain section his practice grew rapidly. He became known throughout this section as a physician of note, yet was as quick to respond to a call from the most humble laborer or farmer as the wealthiest merchant or business man. His kindly, sympathetic nature mingled with his wit and wonderful sense of humor endeared him to hundreds of people. He was their doctor--and their friend. The true family physician. He ministered to those who could not pay with the same care as those who could.

During the World War when the epidemic of influenza was raging he worked day and night without rest with only one thought in mind--to save as many as possible. One man, whose wife was ill, told the story of how Dr. Ramey came to his home to visit the patient and while there was persuaded to lie down for a few minutes--when he removed his shoes, blood was running from the bottom of his feet. To many---a medal. To him--his work.

With the advent of good roads and the automobile, the country doctor began to fade into the background. Dr. Ramey received several offers to join the staffs of hospitals but preferred to remain with the people whom he loved and who needed him. He leaves a brilliant record as a physician of skill, gaining particular note as a diagnostician

and in the field of obstetrics. In the hundreds of cases of this kind which he handled, not one mother was lost.

Dr. Ramey had that unusual quality of being able to mix with all classes of people. He read widely and everyone who came in contact with him found him highly interesting. His loss will be felt keenly by all of those who knew him. He practiced his profession until the time of his death. His life stands emblazoned as an example of unselfishness and devotion to his fellowman. Perhaps his philosophy of life can best be summed up in his favorite poem and one which he wrote down from memory a few days before his death:

1/16/1941 Angeline (Porter) Cunningham Picklesimer was born on John's Creek, Floyd County, Kentucky, December 8, 1870. She was the daughter of Canada and Mary (Crum) Porter. She was one of seven children of this family. Her parentage dates back to the early settlers of this section of Kentucky, who were known for their upright and stern characters, her forefathers coming here from the state of Virginia.

In her early womanhood, in the year 1887, she met and was married to George W. Cunningham, another one of Eastern Kentucky native sons and to this union were born four children, three sons and one daughter: sons John Wesley Cunningham who migrated to the state of Missouri several years ago, and who has preceded her in death; William E. Cunningham, Meally and George W., Jr. of Paintsville, Kentucky; daughter, Mrs. Belle Preston of Paintsville, Kentucky.

Her first husband (George W. Cunningham, Sr.) preceded her in death some twenty-two years ago. She was later married to B. F. Picklesimer who survives her.

Early in her youth or in 1886 she gave her heart to God and was converted and joined the United Baptist Church. This has been more than fifty-five years ago, but throughout all these many years, sister Picklesimer prized this hope above all the material things of life and often testified to her children, neighbors and friends, of her hope of reaching that great city in which Jesus says that he will be the light and that he will wipe all tears away and where trouble and pain are strangers.

She died being a member of the Old Concord Church which will greatly miss her, because this church very seldom ever met but what Sister Picklesimer was able to testify of her hope in God, by praising Him before the world.

Sister Picklesimer had been in failing health for some years but through that determination to strive to the end, she was able to make her way until the last few weeks. Some few weeks ago she gave up the fight and was in the mood to welcome death. Last Tuesday night about six-thirty the Lord sent the angel and she gathered her robe about her and went out to meet that God whom she had served so long.

She leaves besides her children, one sister, Emmaline Webb, of Portsmouth, Ohio, and the following grandchildren; Arnold and Herschel Cunningham, of Archie, Missouri; D. J. Ernest Ray and James Cyrus Preston of Paintsville; Ethel Rae and Ella Virginia Cunningham, of Paintsville; three great-grandchildren; Martha Bell and D. J. ## Memory

We know that he is ceased and gone  
To dwell with Him in the Great Beyond  
He sailed life's ocean proud and fine  
To attain the age of sixty-nine.  
He mastered the rough with a smiling face,  
Toil to him was no disgrace.

Then at last life's tempest tossed  
A wave so high this earth he lost-  
To find a place where never a sail  
Is tossed or torn by some great gale.  
We who are left can not but cheer,  
And hope that when our time is near  
We'll sail with him beyond the blue  
This course so smooth, and oh so true!  
So until we meet this one so dear.  
It's "Sail on. Dad, the coast is clear!"

Woodrow was killed in a car accident. He was in a Ford Coupe that plunged 75 feet off of the road on Patrick Hill. Killed in the same accident were: Gilbert VanHoose, Woodrow Salyer and Robert Cecil VanHoose.

1930 - Crash on Watermelon Hill - The news spread throughout Paintsville like the proverbial wildfire on the evening of Saturday, November 8, 1930. There had been an automobile wreck on Patrick Hill (now known as Watermelon Hill) near the Johnson-Lawrence County line. There were dead and injured.

When the six Paintsville High School students, ranging in age from 15 to 18, were found at the bottom of a deep ravine, three were dead, one was dying and two were seriously injured.

Gilbert Van Hoose, Woodrow Salyer, Woodrow Picklesimer, Robert Cecil Van Hoose, Richard Strother and Archie Williams had gone to Huntington Saturday morning to attend a football game between Ashland and Huntington. Richard Strother was driving Gilbert Van Hoose's Ford coupe on the return trip and making what one passenger described as "a moderate rate of speed" a long the highway from Louisa to Paintsville.

At about 8:15 P.M. as they were topping Patrick Hill, Strother lost control of the vehicle as the two right wheels ran off the road. For almost 100 feet the car swerved back and forth on the edge of the road before taking its fatal plunge to the bottom of the precipice. It rolled end over end before coming to rest.

16 year old Archie Williams and 15 year old Robert Cecil Van Hoose had been thrown clear of the car. The dazed and injured Williams could hear the cries and moans of his companions as he struggled to climb back up to the road where he hoped to get help.

A passing motorist came to Williams' assistance and stopped other vehicles for their help, as well. As Williams was being taken to Louisa for medical attention, his friends, both dead and dying were brought up the 70 foot embankment and placed on a flatbed truck for the mournful trip to Paintsville Hospital. Not knowing exactly how many boys were in the car, the rescuers left with the injured Richard Strother and the deceased Gilbert Van Hoose, Woodrow Salyer and Woodrow Picklesimer.

Robert Cecil Van Hoose, lying lifeless under the edge of a large rock at the bottom of the hill, was not found until 2:00 A. M. Sunday morning.

As a shocked community prepared funeral arrangements for the four accident victims, the two survivors were being treated for their injuries.

Archie Williams was the least badly injured. He had a slight shoulder injury, a gash over his left eye and numerous scrapes and bruises but was otherwise unhurt. However, Richard Strother, the driver, was in much more serious condition. He suffered a broken leg, fractured knee-cap, fractured skull and internal injuries. Both boys survived the accident.

Paintsville schools were closed Monday and Tuesday. Funeral services for the four youths were held at 2:00 P. M. Tuesday at Mayo Memorial Church. Members of the PHS football team served as pallbearers for their teammates Woodrow Salyer and Woodrow Picklesimer and their two companions.

Thanksgiving 1930 was not a very happy occasion in Johnson County.

Gladys Mae Picklesimer was born December 11, 1911, at Paintsville, Kentucky. She departed this life June 24, 1933, aged 21 years, 6 months and 13 days.  
In 1926 she, with her parents, moved to Ohio, where she had since resided. When nine years of age she underwent an operation for the removal of her tonsils. Since then she had been in poor health, and for the last eight weeks confined to her bed. Although always of a sweet disposition, two years ago at Jenkins Chapel, she found the Savior, and her life since had been one of loving obedience to Him. Even when upon her death bed, she exclaimed several times, "I 'm so happy I could shout." Death had no terrors for her, but only a glad release from suffering and a happy meeting with her Lord and loved ones gone before. In the death of Gladys the home has lost much sunshine, but God needed one more angel, so He beckoned her to come up higher to that home not made with hands. She would say to her father, mother, and loved ones, "Cheer up, do not weep, but prepare to meet me, where parting comes no more. Cast your burdens on Christ, the great burden-bearer, and all will be well."  
Besides her father and mother, she leaves to morn their loss four brothers, Orville, Granville, Raymond and Paul; two sisters, Virginia and Mary Elizabeth, her grandparents, and a host of sorrowing friends.

"What I know about my ancestors as Donah V. (Pelphrey) Rogers and Imma Mae have asked me to write.

William Pelphrey and Mary Lemaster. My grandfather was William Pelphrey, he married Mary Lemaster. They had 7 boys and 4 girls. The boys names were Daniel, Lewis, Joe, Frank, Alic, Sam and Jessie. The girls names were Elizabeth, Sarah Jane, Lidia and Mary. They lived in Johnson Co. Kentucky near Paintsville. He was a prosperous farmer, a tanner. He had a tan yard, he raised hogs extensively, but later grandfather and Frank my father, made stoves and shipped them down the big Sandy river. He and my father Frank filled a big contract to ship a good many stoves down the river to a man. I do not remember his name he got on a drunk and when they came down he was not there to receive them then so our father lost them. It almost broke them so then they decided to sell out and move to Texas. I think they came in the year 1877 or 8. They came to Grayson Co. to a little town by the name of Collinsville. Sherman being the county seat they rented land and went to farming. My father and family came with them. Their children were all married except the 2 youngest boys, Sam and Jessie and Mary. Soon uncle Joe and Alic and their families followed.

My father married Louisa Jane Picklesimer. She was the oldest child of Dr. F. M. Picklesimer and his wife was Manerva Bays, the daughter of Josuay Bays. My great-grandfather Picklesimer was a Dr. and a christian preacher and my great grandmother was a Williams. My grandfather and mother Pelphrey died in their 60's in Grayson Co. When we came to Texas I was 4 years old and my brother Manford was 6. One of my brothers about 2 years younger than I was burned to death before we came west then there was a little girl born the year we came they named her Cora. She only lived 3 weeks, then my sister Eugina was born in 1881 then 10 years later James Dooley was born. We moved to Floydada in Floyd Co. on the western plains just a little over a month before he was born. That was in 1891 when he was born. We had to go through a good many hard ships and trials of life for the first few years. In 1899, July 9th I was married to Vintson Stambaugh, the son of Winfield Scott Stambaugh and Elizabeth (Pelphrey) Stambaugh. We had 5 children born to us. Troy, William Lewis, (Arlene who died in infancy) Oliver and Ima Mae all who are living and all married. Troy had 1 daughter Troyce who married Grant Hanna. William Lewis and Alma Crow married and had 3 girls, Darline, Elouise and Janelle. Darline married Jack Trimmier, Elouise married Virgil Phillips. They have a daughter 9 months old Janice and Janelle is 16 years old and in school. My oldest brother married Rosa Robison. They had 3 children of which 2 are living, Joe and Leona. ## WILLIAM STAFFORD

William Tecumseh, Stafford, 89, of Paintsville was killed instantly and three others were injured Monday afternoon when a seven-ton boulder came loose and fell from a hill above a deep cut on route 23 near Louisa and crushed into a car in which the four were riding. The accident happened about ten miles south of Louisa.

Critically injured was Mitchell Preston, 25, of Troy, O., former Paintsville athletic star. Preston, son of Mr. and Mrs. Frank Preston of Georges Creek, was driving the car and had offered a ride to Mr. Stafford who was walking along the highway. Also in the car with Preston were his brother-in-law, Garred Goff See, 11, of Louisa and a nephew Stephen McGee, 11, of Ashland.

See and Preston were removed to St. Mary's Hospital in Huntington where Preston underwent surgery last night. He received in the accident a punctured liver, four broken ribs and internal injuries. His condition is described as critical. See received a compound fracture of a leg, a serious laceration of the hand, and other injuries. McGee who is thought to be the least seriously injured, suffered head lacerations and probably broken bones. He is a patient in King's Daughters' Hospital in Ashland.

Preston was a star football player on the Tiger team of the Paintsville High School from 1943 to 1947 when he won all-state honorable mention and all-conference honorable mention in 1946 and 1947. He had come to Kentucky to visit his wife's parents Mr. and Mrs. Adin See of Louisa.

Funeral services will be held at 2:00 p.m. today at the First Methodist Church for Mr. Stafford who is known throughout this section as "Sonny". A member of a prominent Johnson county family, Mr. Stafford was a lawyer, livestock man, and was a member of the Kentucky Legislature from 1900 to 1902. He was born on July 3, 1864, a son of the late F. M. and Marietta Lavender Stafford. He attended Ohio Wesleyan University, Delaware, Ohio, and was an ordained minister in the Methodist Church at 25 years of age, serving as pastor of a Cincinnati church for eight years.

He later studied law and was admitted to the bar in 1900. He was widely acclaimed for his oratorical ability. Stafford had a varied career and his talents extended into many fields. He was a candidate for Circuit Judge of Johnson and Martin Counties in 1945 but was defeated for this office. He served as a delegate to the Republican convention in Chicago when Theodore Roosevelt was nominated. He enjoyed walking and his journeys often took him into the remote sections of Johnson and Martin counties where he was warmly received by his friends.

Of straight figure, and quick step, he was military in bearing and his appearance belied his age. He was married in early life to Miss Jessie Picklesimer and is survived by two sons, W. T. Edward Jackson and Polly Anna Marrs Picklesimer were the grandparents of John Walter Picklesimer, Sr., co-author of this work.

The following biographical sketch of Edward Jackson Picklesimer was taken from: History of Kentucky by William Elsey Connalley and E. M. Coulter, Phd. and was published in 1922.

"EDWARD JACKSON PICKLESIMER. Among the substantial and honorable practitioners at the bar of Pike County, Edward Jackson Picklesimer has a wide reputation in this part of the state, and is a product of the public schools and his own ambition. He was born on the Pickle branch of Barnett Creek, in Johnson County, Kentucky, March 30, 1874, a son of Reverend John Milton and Cynthia L. (Long) Picklesimer, and the grandson of Dr. Nathaniel Picklesimer.

Pickle fork was named in honor of the family, which has long been a prominent one in Kentucky. Dr. Nathaniel Picklesimer was one of the honored physicians of Johnson County for nearly half a century. His father, John Beckelheimer was probably a German by birth and after he came to this country, changed his name to Picklesimer.

Rev. John M. Picklesimer entered the ministry of the Missionary Baptist denomination, and has now charge of the church of that faith at Ironton, Ohio, but has held charge at St. Louis, Missouri and Cobden, Illinois, among others. Early in life he became well known as an educator. His wife died when Edward Jackson was a child and the lad was reared by his maternal grand father, Joel Long, a farmer then of Oil Springs, Kentucky, but a native of Ash County, North Carolina.

# The Picklesimers of Eastern Kentucky

Edward Jackson Picklesimer attended the public schools of Johnson County and the Paintsville High School, and then taught school in the Johnson and Pike County.

While he was poor in pocket, he was rich in enthusiasm and ambition, and while teaching others the fundamentals of an education, studied law in borrowed books to such good purpose that he was able to pass the state examination in 1903 and was admitted to the bar.

At that time he was living at Yeager on Shelby Creek, and he continued to make it his home until 1911 when he was elected county attorney when the duties of that office brought him to Pikeville, and here he found a congenial environment which has led him to continue to reside at the county seat. His first term was a short one, and he was reelected to the same office, serving in all six year, being both times the candidate of the Republican party.

He is accepted as one of the most capable and strong attorneys in this part of Kentucky and made an excellent record as county attorney.

Subsequently he was associated in practice with Judge Vanover, but his association was dissolved when the latter was elected circuit judge. In 1920 Mr. Picklesimer formed a partnership with W. K. Steele and the two have since continued together.

On October 2, 1896 Mr. Picklesimer was united in marriage with Miss Anna Marrs, a daughter of David Marrs. Mrs. Picklesimer was born in Pike County.

She and Mr. Picklesimer are members of the Missionary Baptist Church.

Seven sons and one daughter have been born to them: Charles M., a civil engineer at Hazzard, Kentucky; Irving N., a jeweler at Logan, West Virginia; Mable, in High School; and Clancy E., Marlin D., Samuel M., Edward J. and Billie.

Fraternally Mr. Picklesimer is an Odd Fellow. In private life as in public office Mr. Picklesimer is always the same reliable honorable man, affable, yet firm in maintaining what he regards as right. His pledge is never secured except upon the most carefully examined grounds but once obtained is immovable. His charity is broad and warm, and it is the universal verdict that he never weighed an act of his life in the scale of sinister policy."

November 24, 1927 Court In Session - The case of the Commonwealth against Charles VanHoose was tried last week for killing Albert Nichols, superintendent of the mines at Offutt, this county. The Killing occurred last summer .

Van Hoose was employed at the mines and brought evidence out had trouble with a son of Nichols a few days prior to the killing, and when Nichols went to the pump house on the day of the killing VanHoose was there and was drinking and the killer took place. Nichols was shot in the back, the ball coming out of the front after it pierced the heart, killing him instantly. Vanhoose was given fifteen years in the penitentiary for the murder which is considered very light considering the nature of the crime.

At the trial of the case Attorney Ed Picklesimer of Pikeville and Attorney Milford Arms of this city had charged of the defense while the Commonwealth's attorney Jno. W. Wheeler and Kirk & Wells represented the prosecution.

In his early years, Raleigh worked in the coal mines of the North East Coal Company in Kentucky. He also sold Mason shoes and Raleigh Home Products.

Raleigh was medium built, five feet six inches tall. He wore eyeglasses. He was well liked by all who knew him. He was a kidder and liked to joke around with people. He was a type who never met a stranger. One story in particular he told his granddaughter (Juanita), was about "years ago he performed a wedding for an old couple of 75 and 80 years old". Raleigh said to them after the ceremony, "I want to give you a little advice, don't start having a big family right away!" These are incidents that really happened.

Another one he told was about another elderly couple he married, and the man didn't have any money to pay the preacher. So Reverend Long said, "Oh, thats alright, I'll hold a lien on your wife and you can bring me some honey when your bees swarm". A year later this elderly gentleman brought Rev. Raleigh Long some honey and said, "now preacher take that lien off of my wife, the debt is paid".

One day Raleigh's son was with him in downtown Ashtabula, Ohio and Raleigh began talking to some man as if he knew him and began advising him. As Raleigh and his son Jake were walking home, Jake ask his Dad, "Who was that man dad?" Raleigh replied, "I don't know son, I have never seen him before".

Raleigh became a christian in a Methodist Church in Oil Springs, Kentucky. Soon he was called to the ministry and he spent most of his life as a traveling Evangelist and Pastor.

Raleigh met a girl name Maude Minnie Stanley. They fell in love and were married. They married January 7, 1911 in Paintsville, Kentucky. He traveled from place to place ministering in different churches while Maude stayed home taking care of the family. They had ten children.

Then after Maude passed away, Raleigh met and married Rose Lee Merrill. They had three children.

As far as his hobbies were, he loved reading and hunting small game such as squirrels and rabbits.

Places of residents were, Oil Springs, Auxier, Paintsville, Prestonsburg, Davis Branch, Bristlebuck Avenue, all in Kentucky. Also he lived in Magadore, Ohio, Summerset, Penn and Ashtabula, Ohio.

"This is what I have to say while I have breath to talk;

Dear friends, weep not for me, for I am at rest now. There is no pain and no smothering---I am asleep in Jesus. But pray that we meet in heaven where there is no goodbyes, no pain; no suffering. Remember the verse that says: Lay not treasures on earth, but lay up your treasures in heaven; also when God promised not to put more upon us than we are able to bear. "So remember to trust in Him and weep not, but trust in God and sing, "Farewell vain world, I am going home," and through heat and cold, think of the home over there."

From the Paintsville Herald - People Who Make a Difference section:

## Garcia Byrd Preston

Paintsville and Johnson County have been blessed with an almost endless line of skilled and dedicated teachers, dating well before the turn of the 20th Century and continuing into the 21st Century. Beginning with T. J. Mayo, Professor William N. Randolph, William Jayne and J. B. Wheatley, the names of those illustrious educators who would deserve to be included in a Johnson County Teachers' Hall of Fame are inexhaustible. Such a list, however, would not be complete without the name of Garcia "Garcie" Byrd Preston.

Garcie Preston was born in Johnson County March 6, 1910, the daughter of Albert Sidney "Bird" Preston and Mahala Trimble Preston, and one of six children. For someone destined to spend a productive lifetime in a classroom, Garcie Preston did not enjoy a smooth path to her own education. After eight years of walking to and from cold, drafty one-room school houses over muddy roads and frozen creeks and learning everything that her teachers at that time could teach her, Preston eventually completed the 8th grade.

# The Picklesimers of Eastern Kentucky

However, family circumstances did not permit her to continue her education into high school at the time.

In 1930, a cousin, Woodrow Picklesimer, was killed, along with four other boys, in a tragic automobile accident on Watermelon Hill between Paintsville and Louisa. Preston moved into town to help her Aunt Julia Picklesimer after the death of her son. Although she had been told earlier that she would never complete high school after being out of school more than four years, Preston entered Paintsville High School in the spring of 1931. She remained in Paintsville until her graduation in 1934 at which time she attended Pikeville College for one year.

By this time, Miss Preston was determined to be a teacher. She began her teaching career as a substitute teacher near the Johnson-Morgan county line in the fall of 1935. Until bad weather forced her to board in a home near the school, Preston rode her Uncle Jesse Preston's horse from her home at Barnetts Creek to school each day. It was not an easy beginning for a young teacher.

In 1936, she taught adult education classes for the WPA in Paintsville. For the next four years she taught at Fairview and the Mouth of Barnetts Creek before transferring to Oil Springs Elementary School in 1940. During her more than 27 years at Oil Springs, Preston often rode the school bus with her students. In the mid-forties, Miss Preston was moved from Oil Springs Elementary School to Oil Springs High School. She remained there until the opening of Johnson Central High School in 1968.

Meanwhile, Preston had returned to college where she earned a bachelor of science degree from Morehead State University in library science and biology. She joined fellow teacher Ruth Salyer in the library department of the new Johnson Central High School where she assisted in establishing the Kentucky Room at Central. Miss Preston, Miss Salyer and history teacher Edward Hazelett gathered a collection of historical and genealogical material in the Kentucky Room to assist their students in gaining a sense of regional heritage and history. Miss Preston also served as a biology teacher from time to time when needed.

With her aging mother needing her assistance, Garcie Preston retired from teaching at Johnson Central High School on July 6, 1974, almost 40 years after her introduction to the classroom as a substitute teacher near Flat Gap. Meanwhile, she remained active in the Fairview Freewill Baptist Church on Green Valley Road at Barnetts Creek. For one who was not expected to complete high school, Garcie Preston spent a remarkable lifetime dedicated to expanding the minds - and lives - of hundreds of elementary and secondary students. These same students continued to visit her and seek her advice and counsel years after leaving her classroom. They knew instinctively that beneath the somewhat stern demeanor of this gifted teacher was a heart that cared deeply about them and their futures.

Now 91 years young, Garcia Byrd Preston can spend some time reflecting on her years of sacrifice and commitment to her family and her community knowing that she has made a difference.

Information supplied by Clyde A. Gibson, Jr., a grandson of Boone T. Mark .

"Boone Taulbee Mark, born in Morehead, Kentucky, October 25, 1900. Next to the youngest of Milton Boone Mark's family. My name is Clyde A. Gibson Jr.; I'm the oldest grandson of Boone T. Mark, my mother's name is Mary Alice (Hinnant) Mark. I'm doing my family research. Boone T. Mark's earlier years has been hard to come by. I do know that he grew up in Louisville, Ky. He married Francis Louise (Day) Mark of New Castle, Ind. There they borned, Russel Lee Mark (no birthdate) died sometime in 1937, Norman Mark born Oct 2, 1921, John Milton Mark born Aug 17, 1927, Esther Jean (Gibson) Mark born Sept 7, 1929, Elizabeth Louise (Davis) Mark born Dec 31, 1932, Mary Alice (Hinnant) Mark born Mar 23, 1935 and Vernon Earl Mark born in 1940 and died very young in 1943. All children were borned in New Castle, Indiana except for John Milton Mark he was born in Nepesta, Colorada. I'm not sure of Boone T. Mark's occupation before leaving New Castle Ind. to move down to Corpus Christi, Texas. Francis Louise (Day) Mark had already been there due to Esther Jean (Gibson) Mark being pregnant with her first child. Boone T. Mark worked in Corpus as a Parking Lot attendant for many years for Allright Parking. Francis Louise (Day) Mark died Sept 23, 1966, she was a tall slender woman. Work very hard as a housewife to make a home for their children and double hard for their grandchildren. Boone T. Mark never married again. He was a strong man even in his later days. Boone T. Mark loved fishing, he'd take his grand-children fishing on the weekends. Mostly there were only two or three of us were able to go fishing. Most of the other grand-children lived in other cities. If Boone T. Mark wasn't working or fishing he'd walk 5 to 10 miles one way to town just to visit with his friends. And there were many, he'd take me along on quite a few walks. We'd visit taverns (beer joints here in Texas) where he'd drink a beer and talk with his friends. I'd watch people play pool. When there was no one at the pool table, I'd play and keep an eye on Grandpa. I was at that time only around the age of 10 or 12 years old. When Boone T. Mark got older, he and Esther Jean (Gibson) Mark would travel to New Castle, Ind., to visit relatives there and in Muncie where his brother Chester Mark lived. Boone T. Mark's last 3 or 4 years were hard for Esther Jean (Gibson) Mark and Mary Alice (Hinnant) Mark. They took care of him 24 hours a day. His health was good but his mind seems like it went in reverse. Boone T. Mark died Dec of 1986 at Esther Jean (Gibson) Mark's place in Corpus Christi, Texas. Boone Taulbee Mark and Francis Louise (Day) Mark are buried together at Rose Hill Cemetery in Corpus Christi, Texas.

A motion was made to adjourn the meeting but before it could be seconded, Numia Pickle asked to be heard before council.

Pickle said that she had asked a few weeks ago for repairs to be made at an entrance to an alleyway near the Mountain Outlet store on Main Street.

She reported that her son had gotten stuck in his wheelchair and flipped over. He laid there for some time before being seen.

Pickle acknowledged that the city had attempted to bridge the curb with asphalt to make it handicapped accessible but that wasn't the problem. She felt that the city had little regard for the physically challenged or with complying with the Americans with Disabilities Act (ADA).

"I was told by the folks at ADA that any municipality with over 50 employees must have an ADA coordinator, we'd better be hiring one."

She stated that the city may be subject to federal lawsuits or other civil suits although she herself would not file suit.

Cooper responded that he was not only aware of the problem, acknowledging that Pickle had brought the problem to his attention, but had been trying to get it fixed for the last couple of weeks.

Cooper said that the contractor who does this work has had other jobs to do but assured Pickle he would contact Tommy Ratliff, the contractor to schedule repairs.

A. J. Kirk, Jr., 52, electrical contractor, manager of Cox Appliance Company and former instructor at Mayo State Vocational School, died unexpectedly of a heart attack Monday morning at his home on Fifth Street.

Born at Inez, Ky., and well-known throughout Eastern Kentucky, he was the son of the former Circuit Judge and Congressman A. J. Kirk, Sr., and Elizabeth Goble Kirk of this city. He was married January 22, 1921 to Miss Peggy Williams, who survives.

"Andy", as he was known to his many friends, was a congenial, accommodating and kind-hearted person. Outstanding in his field, his loss as a consultant in the electrical business will be felt keenly in this section. He was an active member of the First Baptist Church and at the time of his death was the chairman of the Brotherhood Choir.

His first seizure occurred while singing in the choir Sunday morning. He had served as a member of the City Council from 1948 to 1950. Designing, building and installing the incubator room in the Paintsville Hospital a few years ago was one of his major feats. The room accommodates four prematurely born infants. Air heated to the proper temperature is drawn into the room and cooled air removed. Incubators in most hospitals are designed for individual infants.

Surviving besides his wife and mother are three daughters, Mrs. Garnett Louse Oppenheimer, Paintsville, Mrs. Jerry Helton, Lexington, and Miss Mars Joan Kirk, at home; five brothers, C. F., L. T., Chester, Langley Kirk, all of Paintsville, and Louie Kirk, Downey, Calif.; three sisters, Mrs. George Hall, Ashland, Mrs. Garnett Rule, Omaha, Nebraska, and Mrs. Ethel York, Columbus, Ohio.

Funeral services were held today (Wednesday) at 1:30 at the First Baptist Church with the Rev. C. H. Hockensmith officiating. Interment will be made in the Williams, family cemetery at Elna under the direction of the Preston Funeral Home.

California, at 82 years of age.

He married **Cora Isabel Leaverton** in Baltimore, Maryland, February 4, 1922. Cora died January 29, 1995 in Little River, California.

The following information was supplied to me by Joan Owens Silva, the daughter of William Owens.

William "Willie" Owens was born 12/16/1901 in Pikeville, Ky. He lost both of his parents due to illnesses by the age of nine and his grandmother, Lucy Picklesimer Damron raised him, his brother Theodore, and his sister, Minnie in Louisa, Ky.

He left Louisa at an early age, around 13 years old and went to Huntington, W.V. He did odd jobs such as a baker and worked in a loggin camp.

He joined the army at 16 (lied about his age), but the Army found out his age and sent him home. He talked his grandmother into signing a release and he rejoined the Army in April 1918.

After the war was over, he was discharged September 1919. He then went to Baltimore and met my mother, Cora Isabel Leaverton and they were married February 4, 1922.

They moved to California and after working there for about five years on the San Francisco water docks as a boiler maker, he enlisted in the Lighthouse Service. He was a lighthouse keeper for 33 years on the California coast. We were stationed at Point Conception from 8/6/19 31 until March 11, 1935. We then was transferred to Point Sur and stayed there until July 1, 1937. Our next stop was Point Arena and we remained there until January 22, 1952. He asked for a transfer to Point Cabrillo and that was his last tour of duty where he retired 2/26/1963.

When he retired, my parents made their home in Little River, Ca. remaining on the coast. He was the last living Lighthouse keeper on the West Coast.

My father passed away 5/31/1984 of a heart attack.

My mother was born and raised in Baltimore and had been a bookkeeper prior to being married to my father.

She passed away 1/29/1995.

There have been quite a few books written about my parents and the life of a Lighthouse keeper and his family. The Lighthouse Society published stories in their magazines that my mother wrote. The most recent that has been published is book titled Lighthouse Families taken from my mother's memories and bits of my own and my sisters' memories growing up on lighthouses. It was truly a wonderful experience and we all had a wonderful childhood.

In a letter from the office of the Adjutant General, Washington, DC, Mr. and Mrs. Plennie Lemaster of Denver were given the information. Signed by Major General Wm. E. Bergin, the letter read:

"Information obtained from a soldier, recently released by the Communists and returned to military control discloses that he and your son were captured the same date. He stated that he knew your son about one month before he died of dysentery in February, 1951, at Pyokton, North Korea. As the exact time of your son's death in February 1951, is not known, the Department of the Army has established the date of death as 28 February, 1951, the latest date in the month he could possibly have been alive. The records of the Department of the Army have been amended accordingly."

Mrs. Lemaster, the boys mother said this week she received a short letter from him after his capture, part of which was deleted. She said she had held hopes he was alive and would be released to return home after the truce was signed. He was 22 years of age at the time of his death and volunteered on June 15, 1948. He received his training at Ft. Knox and other camps in the United States and later served 14 months on Okinawa where he was cited for having saved the life of a comrade. After serving in Okinawa, he returned to the States in January 1950 and spent a furlough with home folks. He was a resident of Barnett's Creek at the time of his enlistment in the army.

## Picklesimer-Casebolt

Clancy Picklesimer of Pikeville and Miss Maye Casebolt, of Robinson Creek, were united in the holy bonds of matrimony shortly after one p.m. October 12th at the home of Mr. and Mrs. George Marrs of Robinson Creek.

The bride is the attractive and accomplished daughter of Mr. and Mrs. H. G. Casebolt, Mr. Casebolt being a prominent merchant in that community. She has a wide circle of friends in Pikeville where she had attended school.

The groom is the energetic son of Mr. and Mrs. E. J. Picklesimer, his father being one of our most prominent attorneys practicing at the local Bar. Mr. Picklesimer is at present with the Home Furniture Co., of this city but we learn that he has been offered a position as a machinist in Detroit where he recently completed a course in that line. It is the desire of their many friends that they will remain in Pikeville, however, be that as it may, the very best wishes of the entire community is for success to attend them as they enter upon the voyage of life, and bespeak for them every possible blessing.

The ceremony was performed by Rev. E. Layton Howerton of the First Baptist Church of this City.

Clancy Ernest Picklesimer attended the public schools of Pike County and the Pikeville City Schools, and was an outstanding basketball player.

After completion of school Clancy worked on the Highway from Shelbianna up Shelby Creek to Robinson Creek. He held this job for only one summer, "When it got cold I went to get my last check and asked to be paid in full". He then went to The Home Furniture and talked Richard Wells into hiring him as a salesman. He worked for Home Furniture for 17 years prior to opening his own business. He related to me the following story on how he acquired his job with the highway construction crew.

He was returning home from visiting his girl friend, later his wife Mae Casebolt, when he came upon the construction. They were trying to repair a steam compressor that was being used in the construction. He stood around watching the men working on the compressor and saw what was wrong with the unit and told the foreman that if he would give him a job and place him on the payroll effective that morning that he could fix the compressor. Apparently the compressor had been giving them a lot of problems and they did not think that he could fix it so they took him up on his offer. He then repaired the compressor and received the job as promised and a good wage.

He owned and operated Pick's Shades and Floor Covering from 1942 until the flood of 1960. At that time he went to Michigan and worked in the Steel Mills for two years. He was not happy being away from his Mountains and returned to Pike County in 1962. He again took up the profession of Floor Covering and worked as a subcontractor for about fifteen years.

After retirement he devoted most of his time to farming and his church.

He served as a Deacon and as a Sunday School teacher for many years as a member of the First Baptist Church of Pikeville. He was very instrumental in the construction of the present buildings. He not only did a lot in the planning but would also inspect the work of the contractor to insure that the work was done properly.

"Pick" and his wife Mae Casebolt lived on a portion of the farm that belonged to Mae's father Harvey George Casebolt. Over the years Clancy bought the sections that were left to the descendants of Harvey George.

"Pick" died July 3, 1992 in the Pikeville Methodist Hospital. He had been in failing health for about two and one-half years and contracted pneumonia as well as a blood infection. He was showing progress of recovering from these problems when his kidneys failed.

An attempt to dash across the road from an automobile to his home cost the life of Clancy Ernest Picklesimer, Jr., six years old, who was instantly killed late Friday afternoon on Robinson Creek when struck by an automobile driven by Jonah Parks of Knott County. According to evidence brought out at the examining trial for Parks here Monday morning the accident occurred when the boy, a son of Clancy and Mae Casebolt Picklesimer, left the automobile of P. K. Damron in front of his home. Parks states that the boy ran around the rear of the car and dashed in the path of the machine he was driving. He stated it was impossible for him to stop the machine and avoid the accident. Parks said he was driving about forty miles per hour when the accident occurred. Clyde Damron, driver of the machine from which the boy had just alighted after returning from school here, stated that Parks was driving from fifty-five to sixty miles an hour. He also stated that the boy stopped when two or three feet from the Damron car. Relatives of the boy state Parks' car went 250 feet after striking the lad before it was brought to a stop.
