Love Letters

Locked away in the attic snug'n a box lay letters of love almost forgotten, but not, for the love expressed their lives on and on shared these more than fifty years in our little home.

Our children may not know this that life is not always smooth, but that which makes it work always is that ever abiding love.

Not all those letters speak of love some may be a little bitter, the ones that reveal a little spat only makes the next one sweeter.

Looking back those fifty years when our marriage vows were spoken. It was God's gift of love and making us one that our vows shall not be broken.

Now looking back more than fifty years it doesn't seem so long at all that we smiled at each other as we changed classes and passed notes in the hall.

Now the children we've been blessed with our daughters, four. All have their own families, our eleven grandchildren and more.

For the love letters in the attic tho at rest for many years, still speak through our children that the things written are dear.
