-Claire G. Hoover b. January 9, 1892 in in Chelsea, Michigan d. October 1966 in Akron, Ohio  
exec vice pres. Tire and Rim Assn. Inc.  
"My father left the family bible in the attic of a home when my parents moved. He refused to buy a house and they rented until about 1938  
when he decided it was a good idea to own a home. He graduated from the University of Michigan in about 1913 with a degree in Marine  
Engineering. He went to work for a shipbuilding company in Newport News, Va. and it wasn't until he took his first sea voyage that he  
found himself seasick and got a job designing tires and ended up in Akron as head of the farm tire development dept. for Firestone. Harvey  
Firestone and Henry Ford had him meet them at the Firestone family farm and always served chicken. He later was the executive  
secretary of the Tire and Rim Assn. He was an inventor but I don't know if any of his inventions sold. While at Firestone he designed a  
tractor tire that Firestone sold for years and for which he got \$1.00 since it was his job. The other rubber companies copied it too. Both he  
and his father were 6 feet tall. My grandfather was stocky but my dad wasn't. They both has diabetes. I was told that my father had red  
hair as a child and it turned black later. His mother dressed him in Little Lord Fauntleroy suits and had his hair in long curls. I will go  
through pictures( only have a few) at a later time and will get info on my Mother's family." Per Cherry (Hoover) Haldeman  
Thanks for the info about Orrin. My mother told me that he had been the postmaster at one time in Chelsea and we had a huge American  
flag that had flown over the P.O. there. My father, being an engineer was a man of few words and never spoke about his parents to me. I  
am not a good computer person but once I found a Robert Hoover from Washentaw Co., Mich. and I believe he might have been Orrin's  
father. One of my father's grandfathers was a wood worker and I have some of his old tools.  
"my mother told me once that she had been adopted but at that time I didn't ask more" per Cherry (Hoover) Haldeman  
married Ruth W. Workman  
lived at 441 Molane Av., Akron, Ohio (1958-1965) Per Akron City Directory
